## JEW FEAR EASTERTIDE.

Anti-Semitic Excesses are Being Threatened.

Cossacks Use Swords Upon Women and Children.

Massacre of Officials of Poland Ports.

(BY DIRECT WIRE TO THE TIMES.)

LONDON, April 24.—[Exclusive Dispatch.] A dispatch to the Standard from Odessa says anti-Semitic excesses are being threatened there during the Russian Easter. The Jews, who number 100,000, are organizing and arming themselves for self-defense. Jews, who in former outbreaks have been the victims of gross brutality, are providing themselves with shields of vitriol. The authorities are alive to the danger and have summoned dragons from Tiflis.

CHRISTIANS ADMONISHED.

ST. PETERSBURG, April 24.—[The Associated Press.—P.M.] KISHINEFF (Russia) April 24.—The fears of anti-Semitic violence during the Easter holidays are spreading among the Jews. Archbishop Vladimir preached a sermon yesterday admonishing the Christians to refrain from violence and manifestations of race hatred during the festival of peace.

BLOODSHED AT FESTIVAL.

ST. PETERSBURG, April 24.—[The Associated Press.—A.M.] VLADIKAVAZ (North Caucasus) April 24.—The spring festival today was turned into a revolutionary demonstration. Cossacks and police dispersed the crowds, using the flats of their swords. Many persons were injured, including some women and children.

ST. PETERSBURG, April 24.—With the object of stopping the destruction of private property, which has been going on in the rural districts under the influence of the leaders of the peasant movement, an imperial decree was issued today authorizing the Ministry of the Interior to appoint commissaries in the disturbed districts to trace the culprits, assess the losses and collect the amount of damages done from the rural districts. The village communities implicated, whose personal property is liable to be sold at auction for this purpose. The decree also orders granting of State loans to land owners not possessing the means of repairing their losses. The resolutions adopted by the congress of the representatives of the higher schools were sent in a registered letter to the Committee of Ministers, and have been returned unopened. The printers suddenly struck yesterday, announcing their intention of refusing to work Sundays and holidays. The strike, and Novoe Vremya managed to appear.

Navigation to and from St. Petersburg was reopened today.

WILL TRY TO SAVE HIM.

BERLIN, April 24.—Grand Duchess Bergia, according to her promise made to the murderer of her husband during her visit to his cell, will appeal to the court to save him from the death penalty.

PARTIES MAY UNITE.

POLITICS IN ST. PETERSBURG.

ST. PETERSBURG, April 24.—The moderate constitutional group of St. Petersburg, headed by Tol, Bobrinsky and Korff, are constituting with Shupov and Trubetskoi of Moscow and there are indications that they will join the national progress movement and attempt to rally to their support the moderate liberals, who do not believe that the country is ripe for universal suffrage of a completely independent parliament.

The government appears to be giving countenance to the moderate course and it is now quite generally believed that the promised receipt reforms which, it is rumored, have been announced this week, will follow generally the lines advanced by the Shupov party, which is an advisory council based on representation of the zemstvos and Doumas extending to all the provinces and cities of the empire.

WASHINGTON BRIEFS.

White House Easter Monday. WASHINGTON, April 24.—Easter Monday was celebrated by the children of Washington with the annual egg-rolling on the White House grounds. Mrs. Roosevelt invited a party of friends to view the egg-rolling from the south portico of the White House. The young Roosevelt children, with some of their playmates, participated for a time in the frolic, having evidently a joyous time.

Mandate in Beavers Case.

WASHINGTON, April 24.—The Supreme Court of the United States today directed the immediate issuance of a writ of habeas corpus in the case of George W. Beavers, whose removal from New York to Washington for trial on the charge of defrauding the government as chief of the salary and allowance division of the United States today had been ordered. In the case of John A. Benson, who is to be tried here on the charge of fraudulently appropriating public funds, the mandate was ordered to be stayed for one week. In the latter case, notice was given of a motion for a new trial.

INDIAN TAX CASE.

HELENA (Mont.) April 24.—Judge Hunt, in the United States Court today decided the noted Indian tax case from Minnesota county, holding that the county could not tax the property of Indians living on reservations. A temporary injunction against selling the property of Indians, which had been issued, was dissolved. The decision means a difference of \$500,000 in the revenues of the State.

## EQUITABLE'S CHARTER.

Lawyer Woodruff, on Behalf of Philadelphia Client, Says Proposed Amendment, if Adopted, Would Rob Policy Holders of Rights.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, April 24.—[Exclusive Dispatch.] Edward Woodruff, counsel for Herbert G. Wolf of Philadelphia, who last October, took out a \$10,000 policy in the Equitable Life Assurance Society appeared before the Supreme Court today and argued his motion for an injunction, to restrain the Equitable from filing with the State Superintendent of Insurance the proposed amended charter of that corporation, which was recently unanimously approved by the directors. The application also seeks to restrain the State Superintendent of Insurance from approving the amended charter, which requires the company to divide its surplus among policy holders, instead of regarding it as the property of the stockholders.

Lawyer Woodruff made an exhaustive argument, in which he held that the proposed amended charter did not give the policy holders as much right as the original charter. On the contrary, he held, the proposed amendment would take away from the policy holders many of their original rights.

Woodruff, for the policy holders to have the court put the business in the hands of the stockholders, and to get their rights under the proposed amended charter. The old charter said the directors had the right to divide the surplus as they saw fit.

Woodruff said the amendment merely says the directors "may" do so. That is, he said, "a mere statement of fact" would rob the policy holders of their rights in future.

ALLEGED PETITION.

NEW YORK, April 24.—Counsel representing James H. Hyde, vice-president of the Equitable Life Assurance Society, and Franklin H. Lord, a stock-

holder in the society, who has asked for an injunction against the proposed plan for mutilating that society, appeared before Justice Madox in the Supreme Court at Brooklyn today, to oppose a petition by James W. Alexander, president of the society, to strike out certain references to Alexander from the petition by which Hyde intervened in the Lord action.

Notice has been given by counsel for Alexander that he objects to the statement in Vice-President Hyde's petition, to the effect that the proposed mutualization plan was passed by the board of directors without regard to the consent of the majority of the stockholders, and that it was inspired solely by the interests of Alexander and George Gould in New York, and with President Ramsey of the Wabash as witness that Carnegie, in telling out his interest to the Steel Corporation, made it one of his stipulations that the agreement made between Carnegie and the Steel Corporation should be binding.

UNION PACIFIC CONTROL.

NEW YORK, April 24.—[Exclusive Dispatch.] The Times says this morning that a harmonizing of powerful and recently antagonistic interests in the United States is being accomplished by the checking of what are termed by many the "peace-disturbing" interests of the Morgan interests.

NEW YORK, April 24.—J. Wilcox Brown, attorney of Maryland, filed his city today, today filed an action against the Equitable Life Assurance Society in the United States Circuit Court, asking that a receiver be appointed, and for an accounting for the benefit of the policy holders.

NEW YORK, April 24.—Counsel representing James H. Hyde, vice-president of the Equitable Life Assurance Society, and Franklin H. Lord, a stock-

## GENERAL MASSACRE FEARED IN POLAND.

(BY THE ASSOCIATED PRESS.—P.M.)

ST. PETERSBURG, April 24.—The news from Poland paints a picture of a general massacre of the Jews. A letter received here reads: "You know what happened at Warsaw, but you know only part of what is occurring throughout the country. All Poland is in a great confusion of socialism, terror of which is everywhere exciting a terrible panic. We expect at Easter a general massacre of the Russian government officials, and the wealthy and the peasants are convinced that open revolt and the bayonet are the only remedies. Another insurrection like that of 1918, which began as this may, with a Russian government, is being planned."

Commenting on the above, the Russian government must act promptly if awful carnage is to be prevented. The only thing to be done, it says, is to suppress the moderates to give guarantee that the promised reforms will be carried.

WORDS: "Unless you do see Nan, I cannot answer for the consequences."

He declared that "from the moment Young received that letter he acted like a man marked for slaughter."

Rand narrated the events leading up to the murder of "Caesar" Young. He described the purchase of the weapon and drew a picture of the murder of "Caesar" Young in the cell.

"I am anxious to prove my innocence in this case that during the year he maintained Nan Patterson," said Rand.

Justice Gaylor, in State Supreme Court, in Brooklyn, filed a decision to return the petition of the woman for an order compelling Diet-Alty, Jerome to return to her, taken from the Smiths, when they were brought to this city on a charge of conspiracy to procure the murder of "Caesar" Young.

Sum Considerably Exceeding \$250,000.

Put on Plates in Rich New York Churches Sunday.

NEW YORK, April 24.—Easter contributions to the churches of this city are estimated to have considerably exceeded \$250,000. Indeed, the sum total of the seven or eight churches of the city, the weather congregations previously reached that figure. In some instances, the gifts were as large as \$25,000 from individuals. Grace Church received one contribution of \$10,000, which will be used for the Training School for Deaconesses. Altogether, the congregational offering was \$55,000, the largest amount ever offered by the city.

ST. ANDREWS, in Harlem, received \$25,000—the largest amount ever offered by the city.

## CARNEGIE'S COUP WITH THE WABASH.

(BY DIRECT WIRE TO THE TIMES.)

PITTSBURGH (Pa.) April 24.—[Exclusive Dispatch.] From the friends of President Joseph Ramsey of the Wabash came here today the information of an alleged agreement entered into between Andrew Carnegie and the Steel Corporation, years before the Wabash was built through Pittsburgh, that Carnegie interests should give to Wabash when it got into the Pittsburgh district at least one-fourth of the tonnage west. This would amount to 2,000,000 tons a year. A similar agreement, it is said, was made by the Jones and Laughlin people for a like amount.

It has become known that the Steel Corporation balks on the proposition accepted by Carnegie, there has been shown in Pittsburgh a copy of the agreement made between Carnegie and George Gould in New York, and with President Ramsey of the Wabash as witness that Carnegie, in telling out his interest to the Steel Corporation, made it one of his stipulations that the agreement made between Carnegie and the Steel Corporation should be binding.

NEW YORK, April 24.—[Exclusive Dispatch.] The Times says this morning that a harmonizing of powerful and recently antagonistic interests in the United States is being accomplished by the checking of what are termed by many the "peace-disturbing" interests of the Morgan interests.

NEW YORK, April 24.—J. Wilcox Brown, attorney of Maryland, filed his city today, today filed an action against the Equitable Life Assurance Society in the United States Circuit Court, asking that a receiver be appointed, and for an accounting for the benefit of the policy holders.

NEW YORK, April 24.—Counsel representing James H. Hyde, vice-president of the Equitable Life Assurance Society, and Franklin H. Lord, a stock-

holder in the society, who has asked for an injunction against the proposed plan for mutilating that society, appeared before Justice Madox in the Supreme Court at Brooklyn today, to oppose a petition by James W. Alexander, president of the society, to strike out certain references to Alexander from the petition by which Hyde intervened in the Lord action.

Notice has been given by counsel for Alexander that he objects to the statement in Vice-President Hyde's petition, to the effect that the proposed mutualization plan was passed by the board of directors without regard to the consent of the majority of the stockholders, and that it was inspired solely by the interests of Alexander and George Gould in New York, and with President Ramsey of the Wabash as witness that Carnegie, in telling out his interest to the Steel Corporation, made it one of his stipulations that the agreement made between Carnegie and the Steel Corporation should be binding.

### MINING AND MINING. WORK HOURS CUT TO FEW.

**SUPREME COURT HAS  
DECIDED FOR EIGHT.**

Recently in Conflict with Highest  
Court in the Land, Which Held  
That the Similar Law Uncon-  
stitutional—Unfortunate but not  
likely to Retard Mining Progress.

It can work more than eight  
hours a day in mines, smelters, mills  
and any plant for the reduction of  
ores in the State of Nevada, ac-  
cording to a decision just delivered  
by the Supreme Court of the Sage-  
State. The decision was on the  
case of *Peter Kahr, a mill man em-  
ployed at Dayton, on the Comstock*  
mine, who was dragged into the law  
and fined \$100 for the violation of  
the law of being too industrious or  
too long at the job, as prescribed by  
the act of the legislature. Kahr was  
committed to the State Prison for  
failure to pay the fine. The  
decision of the Supreme Court is  
a landmark case, as it settles the  
question of the hours of work in  
mines and smelters.

The court was delivered almost  
the same day that the Supreme  
Court of the United States declared  
the law limiting the hours of  
work in mines in the same way  
as in direct conflict with the Con-  
stitution of the United States and in-  
fringe the undeniable rights of  
the miner to make contracts with his  
employer on any basis satisfactory  
to the contentions of the de-  
fendant. Nevada case, overruled  
the decision of the Supreme Court  
of the United States, sustained by  
the court in the nation, it  
settles the matter in their view. It is  
not just what course will  
be taken by the mining men of Ne-  
vada, but the matter is carried into  
courts it is believed, that  
there is no doubt as to the out-  
come of the action.

The action, coming at this  
time, when the great mining industry  
is at the beginning of its  
boom, is considered particu-  
larly important, although it is not at  
all likely to have much immediate ef-  
fect on the work in progress. It is  
well known and admitted by  
the State, with the  
mining men of Nevada, and parti-  
cularly of Tonopah, that  
the worst element in the  
mining industry is the  
large number of those  
who come from Colorado and  
other States and were per-  
mitted to take their place of re-  
sidence in Nevada already  
in many ways and  
under many conditions.  
The decision is regarded as  
a step toward encouraging them  
to further and more violent  
competition with the employer.

### NEW LOCAL COMPANY.

The American Milling and Water  
Company is the name of a corporation  
formed by a number of prominent  
local men to put in a custom mill at  
Goldfield. An ideal site has been se-  
cured near the town and a 30-ton  
stamp mill is now in course of erection  
and an assay office has been opened.  
Besides this the company has secured  
some excellent mining claims in the  
heart of the district, although it is  
the intention to give the chief atten-  
tion at first to the mill. Owing to the  
inability to ship ore valued at less  
than \$200 a ton a good supply of ore is  
assured.

The officers and directors are: C. E.  
Price, president; A. W. Forrester, vice-  
president; E. L. Doran, secretary;  
Broadway Bank and Trust Company,  
treasurer; Dr. W. J. Davis, L. W.  
Myers, E. A. Doran, general manager;  
H. C. Johnson, superintendent of mill  
offices are at 605 Grant Building.

### ELECTRIC CARS FOR MINES.

An electric railroad to traverse the  
streets of Goldfield extending from the  
depot of the new Tonopah-Goldfield  
line to the principal mines in the latest  
project reported from the Nevada  
camp. Both passengers and freight  
will be carried and ore cars will  
be taken direct from the mines and  
transferred to the steam line without  
change. It is stated that Jackson B.  
Young of the Goldfield Bank and  
Trust Company and associates are  
backing the project and that work is  
expected to begin next month.

### NOT KNOWN HERE.

Joseph Adams, the Clerical Bank Rob-  
ber, Didn't Operate in Los  
Angeles.

Joseph Adams, alias Joseph Decker,  
alias John Wilson, the man clad in  
clerical garb who was arrested by  
Pinkerton men in Denver Sunday  
charged with having perpetrated frauds  
involving hundreds of thousands of  
dollars on various members of the  
American Bankers' Association, did not  
operate in Los Angeles.

Dispatches from Denver intimate that  
Adams swindled bankers in Los Angeles  
and San Francisco and that he cut  
a wide swath at the race track here  
during the recent Ascot Park meet.  
Pinkerton men and local bankers say  
they know nothing of Adams's reported  
swindling operations in this city. The  
local banks lost nothing through any  
of the man's transactions, and if the  
bookmakers at Ascot Park lost any-  
thing to Adams or anybody else, no-  
body seems to have heard of it.

Adams is said to be the last member  
of the Knox-Wittman gang to have  
assayed the role of priest, and to have  
swindled many banks in various cities  
throughout the Union. The local police  
say they have no charges against him,  
and any other city that wants him  
may have him.

### PINNED UNDER ENGINE.

Two Railroad Men Killed in Accident  
Sunday Near Ash Fork on the  
Santa Fe.

Advices were received here yester-  
day of the death of Engineer Richter  
and Fireman Morton, in a wreck on  
the Santa Fe Sunday night, near Ash  
Fork, Ariz. Rails spread under a lo-  
comotive pulling a passenger train, and  
the big machine toppled over, pinning  
the engineers beneath it. No passen-  
gers were injured. Richter was a  
brother-in-law of Thomas Sloane, chief  
clerk in the traffic department of the  
Santa Fe line in this city. He lived  
at Winslow, Ariz., where a widow and  
daughter survive him.

### DUEL TO DEATH IN HAVILAH.

TWO MEN SLAIN IN PISTOL FIGHT  
ON STREET.

Newt Walker and Dave Burton in  
Fight—Former Man and a By-  
stander Instantly Killed — Slayer  
Coolly Reloads Pistol and Escapes  
to the Mountains.

(BY THE ASSOCIATED PRESS.—P.M.)  
BAKERSFIELD, April 24.—A feud  
between two well-known families, the  
Walkers and the Burtons, extending  
over a period of two decades, broke  
out again in the mining town of Hav-  
ilah, at 2 o'clock this afternoon, when  
Newt Walker and Dave Burton fought  
a pistol duel in the street, resulting in  
the instant death of Burton and his  
innocent companion, a man named  
Bagby.

Four or a dozen shots were fired be-  
fore Burton fell and Walker, after  
coolly reloading his pistol, made his  
escape and is now hidden in the moun-  
tain fastnesses.

This is the third of the Burton boys  
to die a violent death. Fletcher Bur-  
ton was killed by Ben Walker in 1891,  
and Walker is still a fugitive from  
justice. The Gibson brothers were con-  
victed as accessories to the crime and  
sentenced to life imprisonment, but  
were subsequently pardoned.

Jim Burton was shot down on the  
same night that Fletcher was killed,  
but he recovered only to meet death  
a year later at the hands of C. H.  
Allison, a partisan of the Gibsons. Al-  
lison was subsequently acquitted.

There is but one of the Burton  
brothers alive now, Luther by name,  
a prominent mining man of Tonopah  
and noted as a man of nerve. He has  
been notified of his brother's death, and  
when he arrives at his old mountain  
home, further trouble is feared, as the  
Gibsons and Allison are living  
in that section.

Only last week Phil Walker, the  
youngest member of the Walker fam-  
ily, pleaded guilty to murdering an old  
man by the name of Nicoll, and was  
sentenced to life imprisonment. He  
was taken to San Quentin yesterday.

Sheriff Kelly left this afternoon for  
the scene of the tragedy and officers  
at Kernville and Caliente are out in  
search of the fugitive.

### STREET PROBLEM.

Local Oil Men to Present Their Solu-  
tion to the City Council.

There will be another meeting of the  
oil men of the city this afternoon at  
the office of the British California  
Company in the Stimson Block to draw  
up a new specification for street oiling.  
to be submitted to the City Council  
at its next meeting. Details are not  
determined, but in general terms it  
may be stated that the plan will provide  
for the mixing of the earth with the  
oil instead of placing the fluid on the  
surface.

Yesterday the oil men waited on the  
Council in a body, but the matter of  
street oiling was not called up, and  
then it was decided to take the initia-  
tive.

LAST week of auction sale of the Los An-  
geles Furniture Company. Everything in fur-  
niture, carpets and draperies must be sold

## THE CITY IN BRIEF.

### NEWS AND BUSINESS.

#### Temple Street Awaken.

Temple street property owners are waking up and will organize an improvement association Thursday evening.

#### Spatteration.

An outbreak of electricity on a pole in front of Hotel Trenton caused extensive fire and caused the fire department.

#### Data Changed.

The concert of Miss Eibel Olcott, which was to have been given at Dolson Auditorium this evening, has been postponed to Friday evening, May 1.

#### To Save Wild Flowers.

So strange have been the raids of wild-flower pickers that some of the local botanists talk of organizing to prevent the extinction of the poppy fields.

#### Mrs. Bath's Condition.

Mrs. Hannah Bath, who is critically ill at the Good Samaritan Hospital, was reported early this morning to be under the same condition in which she has been for a day or two.

#### Declaration Contest.

The Los Angeles W. C. T. U. will hold a silver medal declaration contest in the First United Presbyterian Church, Eighth and Hill streets, Tuesday evening. Eight young ladies are the contestants.

#### Odd Fellows at Vantage.

Odd Fellows will celebrate the eighty-sixth anniversary of the founding of their order with a picnic at Vantage Park, Wednesday, April 23. M. Cunningham of Hollister, will be the principal speaker. There will also be a series of athletic sports.

#### Burbank's New People.

Next week Oliver Morosco will stage a new play, known as "The White Tiger of Japan," in which Lillian Lamson, sister of Nancy O'Neill, will be seen in the principal part. William Bernard of Portland will re-enter the local field at the first presentation.

#### Greenwald's Date Set.

The hearing of A. B. and Jacob Greenwald, who were arrested at their "ramp staid," with thousands of lottery tickets in their possession on Saturday night, will occur before United States Commissioner Van Dyke at 2 o'clock Friday afternoon. Ball has been fixed and given notice for each individual.

#### Boy Disappears.

#### An Olive Street Sale.

A. L. Arbelio has sold to Robert Hale, a lot 60x165 feet, on the east side of Olive street and running through to the projected extension of Clay street, with improvements consisting of an eight-room cottage, No. 244. Sale was made through the agency of Strev & Dickinson, and the consideration stated is \$16,000. Purchaser will improve with an apartment house.

Frank Andrews, a lineman in the employ of the Los Angeles Railway Company, received the full force of a heavy voltage of electricity at the University sub-station late yesterday afternoon while at work on a conduit. Andrews was rendered unconscious and fearfully burned about the shoulders. He was sent to the Sisters Hospital. The attending surgeons think he will recover.

#### BREVITIES.

The volume of "Liners" in the Sunday Times has become so great that it is found necessary to ask patrons to get their Sunday papers earlier in the morning, especially Sunday real estate announcements, which in order to be printed must be in the office not later than 10 o'clock Saturday night. The printing of all real estate matter, including advertisements, in a part by itself on Sundays involves some what slower press work, making it essential, in order to get the paper out on time, to stop receiving real estate ads at 10 o'clock Saturday night. Dealers will confer a favor on the Times office if they will turn in Sunday copy on Friday, when possible or at least a part of it, and the balance early on Saturday. Sunday "Want" ads will still be received by phone and over the counter until 11 o'clock Saturday night.

The ladies' rest room on the top floor of the new wing of the Times Building is open daily from 9 to 5 and ladies from town or country will find this a convenient place to write, rest or read. Stationery provided for correspondence. Both business offices. Take elevator in business office. All are welcome. Our employees often give better results and are more satisfactory than those that cost from \$5 to \$10. Best at crystal reading, palmistry, etc., gold-filled frames at \$1.50; satisfaction guaranteed. Eyes tested by three graduate State registered opticians. "Mark's" 313 S. Spring street. For sale—Furniture, carpets and draperies, piano and phonola, complete, in an eight-room house, near Wertheim. Inquire 312 West Sixth street. "Phone 3111.

Mrs. Adams-Fisher will deliver her lecture, "On the Road to Mandalay," at Young Women's Christian Association, Thursday evening. Members invited. Rehearsal for the Innes May Festival Chorus take place every Tuesday and Thursday evening at 7:45 at Birkbe's Hall, 345 S. Spring street.

For daily home cooked dinners (5:30 to 7:30) go to Women's Exchange Cafe, Pay Bldg., Corner 3rd and Hill. Business Men's lunch 11 to 2:30. Purses from today with shoe purchases of \$1 or more at the Mammoth shoe store, 517 So. Broadway.

Hotel Rosslyn serves best 25c meals. Hart Bros., Phone 432 So. Main St.

## CORONADO BEACH.

### HARVARD SCIENTIST'S VISIT.

#### (SPECIAL CORRESPONDENCE OF THE TIMES.)

CORONADO, April 24.—Dr. Henry Pickering Bowditch, for nearly a third of a century professor of physiology at the Harvard Medical School, is among recent arrivals at the hotel. He is a native of Boston and was graduated from Harvard in 1881. During the Civil War he served as lieutenant, captain and major of the volunteer cavalry. After the war he returned to Europe to resume his scientific work, first in France, then in Germany. Mrs. Elizabeth S. Newcomb, for eight years postmistress at Coronado, died yesterday. She had lived in San Diego and Coronado since 1885. She was a native of Falmouth, Mass. She leaves a son, Richard L. Newcomb, who is connected with the San Diego postoffice.

The Piano

That

Improves

With Age.

The

Kranich & Bach

A perfectly constructed piano, like a violin,

will improve with age, provided the

piano workmanship is equal to the violin

workmanship.

In such a piano the question of cost of manufacture does not enter.

The instrument is artistic, and is made for musical artists—those who know.

The instant the question arises, "How much?" the piano ceases to be

musical and becomes commercial.

There is one piano factory in the United States in which nothing is

made over as "good enough." Perfection of every detail is demanded,

and the most exacting supervision, until each individual piano is ab-

solutely as good as artistic skill and infinite care can make it—the reliable

Kranich & Bach.

In our saloons the Kranich & Bach is shown in a great variety of

models, and every opportunity is afforded to test its musical superiority.

## WINS HEIRESS ON THE WING.

Surprising Wedding of Two Young Angelenos.

Bride is Intercepted on Way from Honolulu.

Lucy Mitchell Becomes Wife of Fred Lambourn.

Two of the old pioneer families of

Los Angeles and Southern California

were joined by marriage yesterday

morning in the arch-episcopal resi-

dence at San Francisco, when the Most

Rev. George Montgomery archbishop-

coadjutor of the province of San Fran-

cisco performed the wedding service for

Frederick F. Lambourn and Miss Lucy

Mitchell, in the presence of the bride's

mother and a small party of San Fran-

cisco relatives.

The marriage was sudden. Miss

Mitchell and her mother reached San

Francisco last Tuesday from Honolulu,

whither they had journeyed for the

daughter's health. A telegram to Los

Angeles apprised young Lambourn of

their arrival, and Friday morning he

literally jumped onto the 8 o'clock

train for the North. Saturday he in-

formed his mother by long-distance

phone that he would return home with

a bride. Sunday his parents learned

that the ceremony would be performed

the evening of that day or the morn-

ing of the following. And so it was.

Appomattox. Afterward he became a

teacher in Los Angeles, and subse-

quently a school-teacher in North

Carolina. In 1888, he came by way of

Nicaragua to Los Angeles, and en-

gaged himself successively in land-

surveying and as a reporter on the

old Los Angeles Star. He was ad-

mitted to the bar, and afterward

served as a deputy sheriff under Sher-

iff Rowland and Alexander. It was

while upholding the law in the lat-

ter's administration that Mr. Mitchell

took part in the last chase of Tiburcio

Vasquez, the famous bandit, which

ended in his being wounded and cap-

tured in the foothills near the present

town of Hollywood, and hanged. An-

other outlaw, the horse thief, Satalia,

thought a few months' imprisonment

added to his age before he should take

upon himself the responsibilities of

matrimony.

BRIDE AND GROOM.

Fred Lambourn, 25 years old, a gradu-

ate of the 1898 (winter) class of the

Los Angeles High School, and a civil

engineer by training. He is the young-

est son of Frederick Lambourn of No.

584 Judson street, whose grocery store

at No. 227 Aliso street has been a land-

mark for the last thirty years. It is

the same little, unpretentious shop to-

day that it was in the late '70s, when

what is now the metropolitan Los An-

geles was hardly more than a pueblo,

and the now crumbling Pico House

was at once the glory of the Plaza

and the best hotel between Tehuaca-

tepec and the Mexican border. Until a

year ago young Lambourn was en-

gineering in Texas, where he spent five

years following his graduation from

work under G. W. Boehlke in the

building of the great seal at Gal-

veston.

Mrs. Lambourn is 25 years of age and

the youngest daughter of Mrs. Susan

Glassell Mitchell, widow of the late

doctor in the present business of the

daughter of the late Andrew Glassell,

who died four years ago, leaving an

estate which then was valued at \$750,000

and net has swelled to \$1,200,000. So

in popular phrase, Fred Lambourn has "married

an heiress," for it is understood that

the bride will inherit a substantial

fortune—unless, indeed, there should be

enough truth in the gossip about Mrs.

Mitchell's opposition to the match to

bring about a future change in the

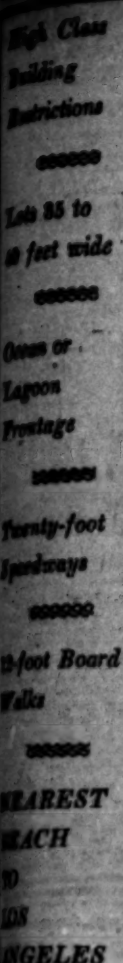

expectation of things.

### RECEPTION AND BANQUET FOR FRUIT NOTABLES.

Chief of Bureau of Plant Industry and Man Who Has Been Studying Causes of Orange Decay Entertained at Banquet—Sir Knights Guests at Supper—Mittie Spread.

(BY DIRECT WIRE TO THE TIMES.)  
RIVERSIDE, April 24.—(Exclusive Dispatch.) B. T. Galloway, chief of the Bureau of Plant Industry, and G. H. Powell were guests of honor at functions given here this afternoon and evening. The affairs were also in honor of the service rendered by Mr. Powell in his investigations into the cause of fruit decay.

The first event was a reception given

G. HAROLD POWELL. B. T. GALLOWAY.

at the Y.M.C.A. this afternoon. In the evening a banquet was given at the Glenwood by the Chamber of Commerce.

The banquet tables were arranged to seat 150. The guests of honor, the officers of the local chamber, and representative growers of the valley and district, made up the number. Mr. Galloway spoke of the general work in his department, while Mr. Powell talked of local interests and their application to the work that he has been doing. He told of what he had done in the orchards of Southern California, this season, and unfolded his plans for future investigation. Mr. Powell came last fall to Riverside, and to his careful study of the cause of fruit decay is credited the start of a much-needed reform.

J. H. Reed, the veteran orange grower of Riverside, who has been attributed the bringing about of this investigation by the government, urged upon the guests the necessity of continuing the work for the betterment of the orange industry.

C. E. Rumsey, president of the Riverside Chamber of Commerce, spoke impressively on the desirability for the cooperation of the orange growers and packers with the department of horticulture in the State University, and the Department of Agriculture at Washington, and discussed the problem of refrigeration along with the attitude of the railroad companies. Mr. Rumsey quoted figures to show that the closing season's orange sales have aggregated \$20,000,000.

**RIVERSIDE SHORT ITEMS.**  
A supper was served in the Glenwood last night to the visiting commanders of the Knights Templars, who attended the afternoon Easter service at the Methodist Church.  
The Present Day Club met at Leighton's Hall last night and, while a banquet was being served, a musical program was given by the club. Mrs. C. W. Hargis, C. W. Barton and H. C. Hibbard, bearing on the United States Senate.  
Last night the boys of Co. M. rendered an elaborate banquet to the retiring officers of the company.

## IRON DEPOSITS REACH COURT.

### MINES IN SAN BERNARDINO COUNTY INVOLVED.

Suicide of David Montgomery, Legless Man, Said to Have Been Due to Jealousy Because His Wife Went Out at Night—Shake-up Looked for in Southern Pacific.

SAN BERNARDINO, April 24.—The San Bernardino iron mines, located in the Bellview district, on the desert, are again figuring in the courts. County Judge, administrator of the estate of the late Guy F. Lake, brings action against Phoebe Ann Owen, administratrix of the estate of J. A. Owen, the California Industrial Company and the Los Angeles National Bank. She asks for a decree making Mrs. Owen trustee for the Lake estate, to the extent of a one-sixteenth interest in the group of mines, and for order requiring the California Industrial Company and the Los Angeles National Bank to pay to the Lake estate \$1300.

The complaint sets for that Guy F. Lake and E. S. Lake were killed a half-interest in the mines by W. H. Lake, who, with the late A. J. Owen owned the property, that Mrs. Owen, administratrix of the latter, claims the entire ownership of the mines, and has negotiated to sell a fourth interest to the California Industrial Company, and that this fourth includes the one-sixteenth interest of Guy F. Lake. Two years ago E. S. Lake instituted proceedings against Mrs. Owen to set aside the sale to Mrs. Owen of her interest in the mines, claiming the sale was brought about by fraud and deceit. Lake is an inmate of the County Jail. He alleged that Mrs. Owen's son got him to sell his interest by claiming that the property was of little value, though at that very time Mrs. Owen was negotiating a sale of the group to a Salt Lake syndicate for \$40,000. Lake was penniless and readily accepted \$100 for his interest, and later, learning of the prop-

## PIONEERS PASS IN SANTA ANA.

### BOTH GO SUDDENLY AND ARE SURVIVED BY FAMILIES.

David Montgomery was driven to suicide by jealousy. He is the San Francisco man who died at the County Hospital Saturday night, an hour after shooting himself through the body, while seated with his wife and family in the dining-room of their home on Fifth street. The funeral was held today. At the inquest it developed that despondency over his failure to hold a steady position by reason of being a cripple was only a secondary cause for his rash act. A number of the witnesses testified that Montgomery was jealous because his wife went out at night, he supposed with other men, and attended dances from which he, by reason of his lack of legs, was barred.

Mrs. Montgomery, the young widow, testified that he had no cause for jealousy. She admitted that they had had a quarrel the day of the shooting, he insisting that she stay at home more, and that she had contended that as she had earned the living for both since he lost his legs, two years

ago, he had no right to dictate to her in any manner. Montgomery was the son of a prominent property holder of Rochester, N. Y., his brother being wealthy horse owner of that city. It is claimed his marriage estranged him from his family, and even after the marriage which made him a cripple, they refused his aid.

**ESPEE SHAKE-UP?**  
It is announced here that a shake-up is scheduled to take place in Southern Pacific circles on May 1, which will see the removal of General Yardmaster A. K. Bernard, with headquarters at Colton, who has for two years been at sword's point with the trainmen under him, the trouble resulting in numerous charges being filed against him by various trainmen, and his examination on these charges and suspension, exonerated by Superintendent R. H. Ingram. It is stated, Chief Clerk Archer of the superintendent's office will be assigned to trainmaster, present Assistant Trainmaster McIntyre of Colton, assuming the position of general yardmaster. D. Smith, clerk in the superintendent's office at Los Angeles, who has been with the company fifteen years, will become chief clerk of that department. It is said these changes were brought about by the promotion of Assistant Superintendent McGovern to the control of the Arizona district, the promotion of Tom McChaffery to assistant superintendent, and by the promotion of Chief Dispatcher E. M. Brown to the position of roadmaster, vacated by McChaffery.

## REDLANDS.

### DEDICATE NEW CHURCH.

REDLANDS, April 24.—Grace Church, the new Methodist house of worship in the Laguna district, was dedicated yesterday afternoon. Dr. John L. Pitner, presiding elder of the San Diego district, conducted the ceremonies.

Addresses were delivered by the pastor, Rev. J. P. Humphrey, Rev. W. P. Ferguson, D.D., pastor of the First church, Rev. W. F. Harker of the First Baptist Church, representing the local ministerial association. Messrs. Reed and E. L. Jacobs. The quartette from the First church furnished special music.

## REDLANDS NEW POINTS.

A modest truck farm, a new line of industry in this city is being established between Pioneer and Dreka avenues, by Sidney Hookridge.  
Mrs. Lillian M. N. Stevens, national president of the W.C.T.U., and Miss Anna Gordon, national vice-president, addressed a union meeting of the Young People's societies of the city last evening in the Presbyterian Church. Miss Gordon, national organizer of the Young People's society, and world's secretary, spoke at a meeting of the league.

## THERE WERE 125 CARS OF ORANGES

forwarded from Redlands last week, making a total of 328 of navel for the season. It is thought that another week will see the last of this variety.

## COLTON.

### VICTORY FOR COLTON BATTERS.

COLTON, April 24.—The Colton High School and Riverside High School nines met in a league baseball game Saturday afternoon on the Colton grounds. The score was 5 to 1 in favor of Colton. Colton High School now stands a good chance for the league cup.

## Mrs. Jennie McMahon has gone to Upper Lake, Lake county, to spend the summer with her brother.

Mr. and Mrs. John McGregor of Beaumont are spending a few days in Colton.

## STOP BELCHING

### First Bottle Free.

The annoying habit of belching and those humiliating rumblings in the stomach are not the most serious things accompanying constipation. Kidney complaints, lung affections, heart troubles or other functional weakness which result from constipation is worse. Don't take pills or castor oil, they will make you worse.

Mull's Grape Tonic cures constipation, not by physicking you, because it won't do that, but by strengthening the digestive organs, enabling them to get all the nutrition out of the food and to carry the refuse from the bowels in the proper manner, instead of into the blood, which causes disease. It's the no cure no pay treatment. The kind that is pleasant to take and a sure cure.

We want to give a bottle of Mull's Grape Tonic to you if you have never used it.

Send your name and druggist's name to Mull's Grape Tonic Co., 121 8th Ave., Rock Island, Ill., and receive an order on your druggist for a free bottle. It is given you without any promise on your part to buy. Send today.

The \$1.00 bottle contains nearly three times the 50c size. Sold at drug stores.

**CAUTION—DO NOT ACCEPT MULL'S GRAPE TONIC FROM YOUR DRUGGIST UNLESS IT HAS A DATE AND NUMBER STAMPED WITH INDELIBLE INK ON THE LABEL.**

Barbara Breezes.

The construction of a new Southern Pacific depot for Santa Barbara has begun, the foundation excavation having already been made. The building will be 80 x 150 feet and will be located on the main street of the city, between the depot and the city hall.

The Merchants Mutual Light and Power Company has given it out that it will construct an up-to-date electric plant in connection with its electric light and gas works.

Contrary to former arrangements, Sackett, Cornell, the ex-coveted collector arrested here last week on a charge of obtaining money under false pretenses, was not taken to Los Angeles, but is being held here until the arrival of a United States Marshal from San Francisco, when it will be taken to Los Angeles or to San Francisco for trial.

**Case of Discrimination.**

The Civil Service Board of the Engineering Department of the Army has decided that an applicant should not be placed in a position where he is required to give orders to his wife or where she can give orders to him. This is the result of a discrimination in favor of the army—Washington Post.

**CHING WING HELPS SING.**

An investigation into the disposition of the \$300, which the aged Chinese woman, Sing Lee, gave Attorney E. J. Marks to hold in trust and use in procuring a divorce for her, was commenced today by Ching Wing, a wealthy Chinese merchant of Los Angeles, who has interested himself in the old woman's plight. Sing Lee is not satisfied that all the money should have been used in defraying expenses incident upon securing a divorce, and, finding the attitude of her son, Sing Lee, seeking to recover a part of her small fortune.

## FROM GIRLHOOD TO WOMANHOOD

### Mothers Should Watch the Development of Their Daughters—Interesting Experiences of Misses Borman and Mills.

Every mother possesses information which is of vital interest to her young daughter.

Too often this is never imparted or is withheld until serious harm has resulted to the growing girl through her ignorance of nature's mysterious and wonderful laws and penalties.

Girls' over-sensitiveness and modesty often puzzle their mothers and baffle physicians, as they so often withhold their confidence from their mothers and conceal the symptoms which ought to be held to their physician at this critical period.

When a girl's thoughts become sluggish, with headache, dizziness or a disposition to sleep, pains in back or lower limbs, eyes dim, desire for solitude; when she is a mystery to herself and friends, her mother should come to her aid, and remember that Lydia E. Pinkham's Vegetable Compound will at this time prepare the system for the coming change, and start the menstrual period in a young girl's life without pain or irregularities.

Hundreds of letters from young girls and from mothers expressing their gratitude for what Lydia E. Pinkham's Vegetable Compound has accomplished for them, have been received by the Lydia E. Pinkham Medicine Co., at Lynn, Mass.

Miss Mills has written the two following letters to Mr. Pinkham, which will read with interest:

Dear Mr. Pinkham:—(First Letter.)

"I am but fifteen years of age, am depressed, have dizziness, chills, headache and back-

ache, and as I have heard that you can give helpful advice to girls in my condition, I am writing you."—Myrtle Mills, Oquawka, Ill.

"It is with the feeling of utmost gratitude that I write to you to tell you what your valuable medicine has done for me. When I wrote you in regard to my condition, I had consulted several doctors, but they failed to understand my case and I did not receive any benefit from their treatment. I followed your advice, and took Lydia E. Pinkham's Vegetable Compound and am now healthy and well, and all the distressing symptoms which I had at that time have disappeared."—Myrtle Mills, Oquawka, Ill.

Miss Matilda Borman writes Mr. Pinkham as follows:

Dear Mr. Pinkham:—

"Before taking Lydia E. Pinkham's Vegetable Compound my months were irregular and painful, and I always had such dreadful headaches."

"But since taking the Compound my headaches have entirely left me, my months are regular, and I am getting strong and well. I am telling all my girl friends what Lydia E. Pinkham's Vegetable Compound has done for me."—Matilda Borman, Farmington, Iowa.

If you know of any young girl who is sick and needs motherly advice, ask her to address Mrs. Pinkham at Lynn, Mass., and tell her every detail of her symptoms, and to keep nothing back. She will receive advice absolutely free from a source that has no rival in the experience of woman's ills, and it will, if followed, put her on the right road to a strong, healthy and happy womanhood.

Lydia E. Pinkham's Vegetable Compound holds the record for the greatest number of cures of female ills of any medicine that the world has ever known. Why don't you try it?

# CONSULT ME

FREQUENTLY THERE IS A MIS-  
understanding as to the cost of the  
services of a competent specialist.  
That because he is a specialist, he  
must be paid more than the average  
doctor. This is not true. The cost of  
his services is usually worth five times  
as much as that of the average doctor.  
If you follow the advice you will  
find that it will be to your interest  
to consult me. I will not only  
diagnose your trouble, but I will  
treat it. I will not only cure you,  
but I will save you money. I will  
not only cure you, but I will save  
you money. I will not only cure you,  
but I will save you money.

# "WEAKNESS"

My cases of this disorder are  
numerous. The patient is usually  
middle-aged, and has been suffering  
for some time. He is usually  
weak, and has lost his appetite.  
He is usually weak, and has lost  
his appetite. He is usually weak,

## NETTLETON OXFORDS

The Nettleton people  
put a dash and a swing  
into their shoe styles  
you simply can't get in  
any other shoe.

Look at their tan Ox-  
ford that sells for \$5.  
A man needs only to  
glance at it to see that  
it's superior to any other  
sold at the same price.

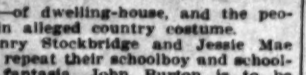

You can SEE the fine  
quality of the tan Russia  
calf, you can see that it's  
just the shape for a com-  
fortable fit and you can  
see a way-up style stick-  
ing out at all points.

The Nettleton is cer-  
tainly above every other  
shoe. Our window will  
give you some idea of  
what you can buy in the  
"high-toned" Nettleton  
shoe.

land-of dwelling-house, and the people  
in alleged country costume.

Henry Stockbridge, and Jessie Mar-  
shall repeat their schoolboy and school-  
girl fantasy, John Burton is to be  
seen as a pathetic and tenderly human  
shepherd. William Desmond is the  
conventional hero, and Blanche Hall  
the conventional heroine.

**GRAND OPERAHOUSE.** If you are  
going in for melodrama, it's just as  
well to wade in neck deep, where thun-  
dering sensations sweep in one another  
after every curtain-rise, and  
gore flows like water in a temperance  
town. That's the sort they have on  
at the Grand this week.

Buhler plays eight in an act, and  
when the scene changes—Lo! the slight  
figure again as though possessed of a  
cat's lives, sans notion of importance,  
with the same clothes, the same  
make-up, the same determination to  
die or die—and they die again before  
Buhler's invincible sword and rubber  
muscles.

They call this piece "For His Broth-  
er's Crime," and it was originally  
written for Rodolphe, or some other  
strong man. Buhler takes a dual role,  
playing twins, one good, and the other  
bad. As the bad brother he kills a  
man in plain sight—just as easily as  
strangling a chicken's neck. As the  
good brother he saves the other's life,  
holds up a bridge while the heroine  
passes over it, runs eight through  
with a broadsword, shoots the same  
villain with a revolver that holds six  
cartridges, stuns them all with static  
electricity, and finally throws the whole  
bunch over a broken bridge.

As stated, Buhler holds up this  
bridge while the heroine rushes to  
safety across its narrow planks. The  
fact that the mechanism lifted it up  
fully five seconds before Buhler's  
hands touched it at the first perform-  
ance detracted not a whit from the  
scene's bowling success.

## FEARFUL FALL IN CESSPOOL.

Buckmeister's Plunge Down  
Abys of Rocks.

Descent of Forty Feet and  
Awful Lacerations.

Hauled out by Windlass—He  
Invited Death.

"What if I should fall through? I wonder how it would feel," said Fritz Buckmeister to his wife and several friends Sunday afternoon, as he stood springing up and down on a piece of plank near a cesspool just built near a new cottage in the Oneonta tract, Spruce street, South Pasadena.

Hardly had young Buckmeister said these words when the plank snapped in two, and he plunged downward into the hole. He fell to the bottom, forty feet, and, as he fell, he was struck by the sides of the hole, and the thing is that he lived to tell of it.

As the young man began his descent, he had presence of mind enough to throw out both arms and check himself by making his hands and forearms along the sides of the hole. Doubtless but for this he would have met death at the bottom of the hole.

He struck on his feet, and sank down almost unconscious, but soon rallied, and when his friends hurriedly secured a rope to let down to him, Buckmeister was able to tie it about his body, after which he was drawn to the surface by a windlass.

When he reached the top of the cesspool his was a pitiable object. His arms were terribly lacerated, and the flesh on his palms and fingers was torn away almost to the bones. Despite his sufferings, he was able to walk around to his own home, but there was found that he had sustained fearful bruises and serious internal injuries. No bones were broken, although an ankle was severely sprained.

Buckmeister, with his wife and friends, had been visiting the new cottage to inspect it, and the sight of the deep new cesspool attracted his attention. In a spirit of fun he ran out the timber and, away he went, and down to frighten his companions.

**WORK AND PLAY.**  
Woodmen and Women of Woodcraft Holding Business Sessions, Also Having a Good Time.

The Head Camp, Woodmen of the World, had an all-day struggle with questions of legislation and revision of laws, and also action on recommendations proposed from different sources. The bone of contention, as in all conventions of fraternal benefit orders, was the adjustment of rates, which held the attention of the assembly for over three hours and was unfinished at the adjournment.

Mortally after the convening of the morning session, C. P. Dandy, Supreme President of the fraternal Brotherhood, was accorded the floor and delivered a splendid address on fraternity in general.

Measures regarding benefit members on attaining the age of seventy years were referred to committees. The levying of a per capita tax of 18 cents a month, with a contribution toward the monument fund, was frowned down.

An invitation received from Fremont Camp to meet at its hall, was accepted, and the new Head Consul, Book, was present, and among the attractions was a liquid-air demonstration by Prof. Ruge.

Only a morning session will be held today, the delegates going to Pasadena in the afternoon, where they will be entertained by the camp and circle with a lullaby ride and refreshments.

A number of the camps and circles gave a social to the delegates at Woodmen Temple, Mercantile Place, last evening, which was generally attended and lasted until a late hour.

Tomorrow the delegates will take a trip to Mt. Lowe, as guests of the local Entertainment Committee.

**WOMEN OF WOODCRAFT.**  
The sessions of the Grand Circle yesterday were entirely taken up with action on the report and recommendations of the Committee on Laws and Grievances. Among other important measures, a resolution was passed to hold future sessions only every four years instead of two. This is an important step toward economy in the most important matter to be discussed by the session has been made a special order of business for Thursday morning.

This is the establishment of permanent headquarters. A number of cities are applicants, including San Jose, Oakland and Los Angeles. Indications are that Salt Lake is in the lead.

The explication of the ritualistic work by the officers and crack drill team of Violet Circle, No. 1, of Leaville, Colo., last evening, called a large attendance to the Grand Circle Hall.

Two hundred of the women had a jolly banquet at the Del Monte last evening.

**SAN FRANCISCO'S NEWEST HOTEL.**  
The "Hamilton" Will Be the Home for the Traveler.

Not since the opening of the Hotel Ritz a year ago has San Francisco had any important to the traveling public, and the new Hamilton, 18 E. 11th st., was thrown open for business. Without a doubt this establishment eclipses any hotel of its size on the Pacific Coast, both as to service and convenience. The "Hamilton" is the most completely equipped hotel in the city, and is being built entirely of stone with a steel frame. The interior walls are covered with a material called "Preston" which is a new kind of plaster, making them impervious to sound as well as fire.

The elevator system is superb, there being always two large electric cars in operation capable of making a trip from the ground floor to the top in less than a minute. The large, airy and sunny and furnished with the finest carpets and furniture that money can buy. The management has shown excellent taste in selecting the furniture, it being possible for the guest to choose from a dozen different styles, although mahogany, walnut and birch are predominant. There are two beautiful suites to be reserved exclusively for the most exclusive guests.

No expense has been spared in making the interior and exterior of the hotel as beautiful as possible, and as comfortable as possible, while for the gentleman a billiard, smoking lounge, and a bar have been arranged on the lower floor.

The cafe in connection with the hotel, will be open day and night, and the proprietor has decided to serve meals in the kitchen with a woman's day.

F. L. Tiffin and A. W. F. L. Jr., the proprietors of this modern and beautiful hotel, are well known to the traveler, they having for years owned the "Ritz" Hotel, and just recently the new "Hamilton."

## MURPHY'S CUP OF JOY FULL.

Thousands Pay Respects to Friend of Mankind.

Apostle of Temperance Sixty-nine Years Young.

Story of the Life that Means so Much to Many.

Several thousand people paid their respects to Mr. and Mrs. Francis Murphy at Blanchard Hall last night, where a reception and social was tendered. It was the sixty-ninth anniversary of Mr. Murphy's birth.

The hall was elaborately decorated in flowers, palms and ferns, and one place attracted special attention. It was a large shield, about four by six feet. The upper half was a white ground with large blue stars, and the lower half was an artistically draped flag. Eight of the stars in the semi-circle bore the famous motto of Abraham Lincoln, and the inspiration of the Murphy pledge: "With malice toward none, with charity for all." The other two stars were inscribed: "Francis Murphy, 69 years young."

Early in the evening the hall was packed, and until almost 11 o'clock people came and went, among the number being many well-known residents of the city, beside the many hundreds who had been invited to be redeemed through the efforts of Mr. and Mrs. Murphy.

The entertainment, thrown in informally, consisted of music by the Ladies' Vocal Quartet, a vocal solo and encore by Mrs. Roth Hamilton, an artistic violin solo by Lloyd Stewart, duet by Mr. and Mrs. William Baker. Little Annie Schell sang a song from over the sea, entitled "The Bell of Seville," and as an encore she sang "California for Me." In answer to Mr. Murphy's self-appointed sentiment, Mrs. Hamilton and Miss Ploy, uniting in the chorus. A fine exhibition of moving pictures was given by O. D. Conroy.

Forward the class of the moving picture presented to Mr. and Mrs. Murphy, in behalf of many friends, a beautiful purse well filled with gold, and in the name of Arthur, Mrs. Murphy's response was characteristically humorous, after he swallowed his heart, though he had an unusually hard time to gulp it down. He was deeply touched, not only by the gifts, but by the entire demonstration which bubbled with the Murphy spirit of good-will from beginning to end.

Refreshments were served, and the evening by the Harvester, the "Sales" organization conceived by Mr. Murphy, and the whole entertainment was under their supervision, although during the day Mr. Murphy was the recipient of telegrams from all over the continent. They came from Boston, Quebec, New York, Cincinnati, Indianapolis, Philadelphia, Pittsburgh and many other cities.

In the afternoon, Mr. and Mrs. Murphy were the guests at a splendid dinner given in their honor at the Lanthier, by Mr. and Mrs. Jacob Murdock of Johnstown, Pa., to a party of ten.

As for the part of Los Angeles, their home is massed with flowers and congratulatory messages by the hundred.

Much has been said and written of Francis Murphy, but his modesty and patience of this wonderful man cannot be told. He has become a permanent resident of the city of Los Angeles as young in spirit as he was in generation ago, if older in years. There seems no limit to his endurance, and his vigor on the platform is a wonder to those who have long known him.

He wins men because of his great love and sympathy for them far more than he does by his eloquence and pathos, for these are but the bubbles of the deeper feelings that control him.

**HIS UNWRITTEN HISTORY.**  
Francis Murphy has been, presently a loyal American, and sealed his fealty to his adopted country by giving three years of his early manhood to her service, as well as winning his way to the Loyalty Legion by offering himself for service in the Spanish War, and being sent out by the Governor of Pennsylvania as a chaplain.

Born in the village of Taggart, county Wicklow, Ireland, his early boyhood was spent in a "wee bit of a vine-covered cottage," which he often and touchingly described in his addresses. At the age of 19 he landed at New York. The determined character of the first Irish immigrant of the boy, and he soon was at work about a grocery store and enjoying his first taste of city life. For a year he stood it, and then his long year lived the care-free life of a farm hand.

In 1861, when the Civil War broke out, Murphy's patriotism for the land of his adoption was so strong that he once enlisted as a private in the Ninety-second Regiment, New York Infantry, and went to the front. He was with McClellan at Antietam, Harpers Landing, Savage Station and other famous fields, and enjoyed his soldier's life as only a genial Irish lad might. At the end of his three years' enlistment, his affectionate nature turned toward the wife and three babies he had left on the New York farm, and he returned home.

In the twelve years that had intervened since he landed in America, his older brother, James, who came with him to New York, had learned the trade of a marble-cutter and was now in business for himself, at Portland, Me. Murphy had given all his years to the farm, and to the army, and was now without a trade. In casting about for something to do, he found a hotel for rent, and with the financial aid of his brother, he became a landlord.

Here was a young man who had been brought up under the influence of the social cup. Beer in the cellar and beer on the table was the custom where he was born, and the last four years of his young life in Ireland had been spent in the castle of a landed Englishman, where intoxicants were part of the regular fare. He had no thought of the cup as a thing "that lures like a serpent."

Murphy was generous, jovial, careless and hospitable. The social side of his nature made him at once very popular. It may not be wondered that the drink habit grew on him until he came out of it an awful wreck. He came to himself through the influence of Capt. Cyrus Sturtevant, a man whose he describes as possessing a marvelous Christian magnetism. The reformation was complete, and it never wavered, and his thoughts at once turned to his old-time friends.

Though Francis Murphy's education had been limited to the first twelve years of his life, and was such as could be secured in the schools of Ireland,

his naturally keen and intelligent nature made him an apt pupil of the world with which he had been in contact. It is nevertheless next to a marvel that he was able to evolve so clear, concise and consistent a document as that which is now his famous gospel, temperance pledge, and has stood the test of a generation, unchanged.

**HOW THE PLEDGE CAME.**  
Pondering over a way to win his friends to sobriety, Murphy wrote in a small pass-book that he carried in his pocket the following pledge and signed it with his own name:

"With malice toward none, with charity for all, I hereby pledge my sacred honor that, God helping me, I will abstain from the use of all intoxicating liquors as a beverage, and that I will encourage others to abstain."

(Signed) "Francis Murphy."  
For three months he carried it about among his old associates in Portland, pleading with them with all the eloquence of a man redeemed from the grasp of a terrible curse. The results were a surprise to himself and to the public, and made him almost homesick against his will. At the end of the three months he had 100 names in his little book, all signed to the pledge he had written.

Up to this point in his history he had no thought of the more than that to win into his hand all the friends who had been his boon companions when he was the jolly host behind the bar, but greater things were in store for him.

**HIS FIRST MEETING.**  
The people of Portland had become thoroughly aroused to the remedy work that Francis Murphy had accomplished single-handed and without his knowledge or consent arranged for a meeting at the City Hall, where he was then went to Murphy and asked him to speak at the meeting but he refused, saying that he would know where to begin or end that he'd faint on the platform. His consent was finally gained to go and sit by the mayor, who was to preside.

When he reached the hall he was amazed to see what was in store for him. The great hall was packed and on the platform the notables of the city, among them men who have since come into national fame, were seated. Mr. Reed, Gen. Shapley, Neal Dow, Cyrus Sturtevant, Mayor Kingsbury and others were among the number on the platform.

When the meeting got under way, Kingsbury, trusting to Murphy's Irish fertility and his great earnestness in telling what he had gained by his reformation, introduced him to the audience to talk for two minutes only.

Murphy was so greatly embarrassed that he forgot where he was, and forgot all about the pledge he carried in his pocket signed by a hundred of his friends, and no pledge was introduced at this, the first Murphy "meeting."

He got away from the meeting, scared almost to death and humiliated at his failure as a speaker. He went home and for three days he was ashamed to show his face up town.

The feeling of the public, however, was different. They were routed to the fact that he had among them a great orator. From that night dates the fame of the man who now calls Los Angeles his home.

When Murphy failed to appear on the streets of Portland, the third day of one of his friends went to see what was wrong, and bore the news that the people were wild over him, and his friends had already accepted twenty appointments for him to speak on temperance.

They insisted that Murphy must go into the work, and offered to put up all the money he wanted. They organized the Portland Reform Club, and made him president, and the pledge was then for the first time printed on a card.

The movement grew with amazing rapidity and Murphy went with it. Within a year it had swept over the whole State of Maine and a State Reform Club had been organized, of which Murphy was made president.

**MOTHER COMES TO SEE.**  
It was at this time in the new career of Francis Murphy that the "wee-faced little mother" whom he always speaks with tears in his voice, came to America to witness the triumph of her reformed boy. For about two years she basked in the sunlight of his new life, and she called to her last rest, whether she went with a smiling face.

The "Murphy movement" rapidly spread from State to State until it covered the continent, and in 1890 Murphy campaigned in the northern part of California, holding meetings in San Francisco, Sacramento, Stockton and other places.

In 1891 he went to England during the Ecumenical Conference of the Methodist church, and so great was the interest there that for four years he campaigned throughout Great Britain, securing upward of 5,000 signatures to the pledge.

Before going to Europe Murphy had taken up his permanent residence at Pittsburgh, Pa., where he had done the greatest work in his career among the classes of people winning to sobriety the famous Tom Marshall and other men of great prominence, as well as thousands of others.

When he returned to his home in Pennsylvania, he was met by a reception in Cooper Union, N. Y., and this was followed by a series of like receptions at Philadelphia and other cities, coming to a climax in Pittsburgh, which claimed him as its own.

For twenty-five years he maintained his residence there, though traveling almost constantly, and he was called from there to Australia, where he campaigned through all the cities of that country, returning to California in 1907, and resided for a time at Fair Oaks and then began a tour of the State, reaching Los Angeles for the first time in February, 1907, where he says, he intends to spend his remaining years. It is estimated that since he started on his work his pledge has been signed by more than 16,000 people throughout the world.

**SUNDAY REAL ESTATE "LINERS."**  
10 O'clock Saturday Nights.  
The volume of "Liners" in the Sunday Times has become so great that it is found necessary to publish a special Sunday real estate advertisement in the paper, and in the office not later than 10 o'clock Saturday nights. The printing of the real estate "Liners" is a most important part of the paper, and it is essential in order to get the paper out on time to the readers.

Dealers will confer a favor on The Times office if they will run in Sunday copy on Fridays, when possible, or at least a part of the balance each week.

Sunday "Want" ads will still be received until 10 o'clock Saturday nights.

## LOCAL RAILROAD RECORD.

**KEEPS TRAFFIC IN THE FAMILY.**

Harriman Controls Business of Salt Lake Line.

Senator Clark and His Party Arrive on Special.

Says New Railroad May Enter Arcade Station.

The San Pedro, Los Angeles and Salt Lake Railroad Company has made a close alliance with the Union Pacific and Chicago and Northwestern railroads on transcontinental traffic.

The directors of the Salt Lake have received estimates on a plan for joint use of the Arcade station by that company and the Southern Pacific.

The date when the new line will be open for the operation of a through schedule in connection with the Union Pacific will be determined within a few days.

Local passenger and freight traffic between Los Angeles and Salt Lake City will begin moving on May 1.

Arrangements for the sale of lots owned by the railroad company at Las Vegas will be made soon and the property placed on the market.

These were the principal announcements made last evening by Senator W. A. Clark of Montana, president of the new Salt Lake line, who arrived in a special train from the terminus of the road. Mr. Clark, a number of ladies, railroad men, and prominent citizens of Salt Lake accompanied the Senator. The railroad officials will hold an important meeting here tomorrow.

The special train included five private cars and a baggage car. In the morning, the special train will only daylight, giving the officers of the company and the railroad men an opportunity to inspect every portion of the line. Saturday night was spent at Salt Lake, and Sunday night at Daguerre, yesterday morning the train visited Redlands and Riverdale, spending some time in driving about these cities, and leaving the latter place at 4 o'clock in the afternoon, arriving at Los Angeles at 8 o'clock.

Among those who met the visitors were General Manager I. E. Wells, Treasurer Fred K. Rule and Secretary W. M. Conroy.

Senator Clark was the first to alight from his car, which was at the rear of the train. He had spent much of the time in the trip west, watching the ceding stretches of track which he had caused to be built from the mountains to the coast.

"It has been a fine trip," he said to the reporters who were waiting. "The track is in excellent condition for construction and I call it a good road. We have not yet determined the date on which the road will be opened for the exchange of through trains with our connections."

In connection with the Union Pacific and Chicago and Northwestern, under arrangement made with the latter company, which exists between Chicago and the Southern Pacific at Ogden.

"This does not mean that other connections at Salt Lake will be of no share of the through business. There is no doubt that they will arrange for the operation of through sleepers over the line and for the interchange of freight traffic. Our road will be open, of course, to all this business."

"As to our terminal in Los Angeles, we have received from the State a bill that contemplates the use of the Southern Pacific Arcade station for our passenger train. This would necessitate the building of a bridge across the Los Angeles river, say at Seventh or Ninth street, and the securing of a considerable right of way on the east side of the river."

Just what determination may be made in this matter cannot be said. Should the Arcade station be used by us, we should use our present passenger station on East Street, and the freight or other purposes. It is too early to say, though, that the Arcade station will be used.

"No decision has yet been reached by the directors as to the building of a branch line from Las Vegas into the Goldfield country. That is a rich mining district and no doubt would prove a good feeder for the line."

It is expected that within a few days the townsite of Las Vegas will be formed, after which the sale of lots there by the company will go forward. An office probably will be opened at Las Vegas for this purpose and the lots will be sold to the public. The land will not be sold at auction.

"We were met by quite a crowd at Las Vegas, by the way, on Easter morning. We did not hear any of the claims, but I shouldn't wonder if they would be heard there next year."

Senator Clark and his wife proceeded at once in their private cars, to the home of his sister, Miss Anna Clark, No. 923 South Olive street, where they will remain while in the city.

Some of the visiting railroad officials, principally Messrs. Stubbs, Hancock and Cornish, will Harriman men, remained in their private cars. Others went to the Jonathan Club as guests of Fred K. Rule, while former Senator Kearney and his wife, Mrs. L. W. Kearney, took apartments at the Angelus.

**OPENS MAY FIRST.**  
**SALT LAKE GIVES NOTICE.**  
Formal notice of the opening of the Salt Lake line on May 1 for through passenger business between Los Angeles and Salt Lake City was made yesterday by the local officers of that company.

Another Lucky Suit Purchase

Our recent suit sales have kept other merchants guessing, and the public busy buying. Once again we feature a sale; this time of three hundred all wool suits that were recently bought by our New York office as the over-production and clearance of odd lines from a reputable factory. They are known as college style suits; as the collars are the snug fitting kind; coats have full drap back and front, and are in three button, double breasted style, with broad lapels and convex shoulder; also single breasted coat style on the straight cut order with deep four to six-inch vents in side or back. The materials are strictly all wool fancy chevrons, velours or unfinished worsteds; the colorings are mostly browns and grays, but there are plenty of dark mixtures, and other-spring colorings in the lot. Sizes range 34 to 42. They will go on sale.

**At Choice, Today \$6.95**
